Dear Mr. Rouse

I wanted to let you know of our satisfaction with your product. In 1996 we purchased a Dodge wrecker with an AATAC body. We have had excellent service from this wrecker. Our wrecker has over 105,000 miles and it is used everyday. It is important to us that our equipment is durable, and reliable. We feel that we have received just that from or AATAC wrecker.

Thank you,
Carlton Bradshaw
