

Dear AATAC,

We would like to thank your company for the wonderful service we have had with your company. Our wrecker service has been in business for 39 years and we have used AATAC wreckers over this period. In December, we purchased a new wrecker and we received wonderful service. We have two other AATAC wreckers and the durability is just remarkable. I'm sure we will be purchasing more vehicles and supplies from your company. It is great to deal with such a respectable and dependable company.
