

To Whom it May Concern,

We purchased a 2000 F450 – AATAC Wrecker bed 1002 from Dave Rouse. We have been very pleased with the truck. We use the vehicle for rotation call, winch outs, and bringing in broken down customers. The truck works great and is easy to handle and operate. We would recommend this model to anyone who is interested in purchasing a wrecker. We are very pleased and would buy another one if we needed to. Thank you David for the great service you provided to us.

Sincerely,  
Lyn Smith
