

AATAC, Inc.
4000 Sam Wilson Road
Charlotte, NC 28214

To Whom It May Concern:

This letter is to inform you of our satisfaction with the AATAC product. In our fleet, we have 3 types of AATAC products. We have the experience of using the light weight, the medium weight, and the heavy weight products, of which all have exceeded our expectations. We have been in the towing business for over 30 years and we are proud to associate our name with AATAC, Inc. We use all of our trucks every day and they always rise to the occasion. WE tow from the lightest car to loaded tractor and trailers. We winch trucks from mud that are sunk to their axles. We move construction equipment. We put the trucks to the test every day and they all pass with flying colors.

Not only is the product excellent, but the people at AATAC are all professionals from the owner, to the sales department, to the parts department, to the shop. Everyone is always very pleasant and helpful. It is a complete pleasure to deal with AATAC.

Sincerely,
Robert E. Hooe
